RUGBY SEASON HAS ENDED FOR PRESENT YEAR

The Continued Winter Weather Makes It Impossible to Proceed with Schedule

The rugby season in Alberta is now definitely over. Following their game with the Calgary Tigers which they lost, the Calgary Tigers have decided that they will withdraw from the league. It is likely that the two Edmonton teams will decide to abandon the game for the present year. With so much snow and ice on the ground it is nearly impossible to maintain practices and keep in condition. The Calgary Tigers probably will not be able to play any further games and although no official action has yet been taken, the season is over. The Edmonton teams will play in all likelihood before the end of the season. The Calgary Tigers have a championship which was won partly by old man winter and largely by virtue of superiority of play. The semifinal in the Western Canadian championship will be played on Saturday in Regina and Winnipeg. The following week the final between the winners of that game and the Calgary Cougars will be played in Calgary weather permitting.

PETE HERMAN ON DOWNWARD BOXING PATH

Champion Is Approaching Time When He Will Be Shelled for New Man

NEWARK, Oct. 30.—Pete Herman still holds the heavyweight crown. He beat Harold Gerson recently but failed to win back any of his winning prestige. He was given but a feeble hand at the conclusion of a tame battle bout. For a champion the New Orleans boy made a poor showing against a scrappier over whom the king of the ring should have won with ease. Herman committed himself with dancing stunts like playful and "clorox" grin over the shoulder of his opponent in the clinch. He fought with no game and uninteresting that about 10,000 fans gathered, in the first regimental armory named and whistled "Will we mean again throughout the fight."

SPORT COMMENT

The Alberta rugby season has expired before the onslaught of winter. For Edmonton it was not a very successful season even as far as it went, although the city was represented by two good teams. Neither of them appeared to have had enough practice when the scheduled opened, but the Canoe particularly showed improvement every day following their first appearance. Had it been possible to carry on, the Edmonton team would have been playing winning games by the end of the season. However, the season is over so far as Edmonton is concerned, although Calgary may see the final for the Western championship. With the season ended before it really started, the Calgary Canoe are the only team that can lay claim to the championship, and in the two or three games they played they demonstrated fairly clearly that they are the best team in the short period that they lasted. On that they deserve the championship although it is a somewhat empty title.

On Friday night Eric-Oen MacDonald, president of the Alberta Branch of the Amateur Union of Canada, will meet the Edmonton and northern governors of the union in Edmonton, to discuss the question of reinstating amateur and similar difficulties which lie before the union. Following that the president will leave a staff on the policy to be followed by the A.U.C. branch.

Joe Bonck, heavyweight champion of England, and Jimmy Wilde, champion of the little featherweight of the ring, are like many of their predecessors, products of the boxing boots of England's country fairs. A both consists of a staff of boxers who tour the towns at which the fairs are held, the manager of the booth offering a money prize to any pugilistically inclined who can beat three rounds with one of his boxers. It's a rough game for the boxers, for the booth are run on the level and no fake opponents are played along the route. Famous American boxers at one time or another have toured this country.

Tommy Murphy, T.O.F.S. WINNER ON CIRCUIT

With the final events at Atlantic, Grand Circuit of 1919 is now history. There were thirteen rounds, and it is limited that the winners of each round for the entire circuit, to more than \$10,000. Murphy, who was the only one to win all his rounds, was the winner of the season.

Most successful of all the return for the season of 1919 is Thomas Murphy. At Lexington Murphy jumped the number of winning rounds for the year to fifty-two, and he cashed in on the prize money. Murphy, who had good luck at Atlantic, the events preceding several spectacular battles between Murphy and George and Murphy and Cox, the horse being fairly evenly divided.

Joe George made his first appearance on the northern tracks in 1917, with Alice West.

There was a case in Casey's manner as he stepped into his place. There were a few of Casey's friends and a smile on Casey's face. And when responding to the cheers he slightly bowed his head. No stranger in the crowd could have said that Casey at the bat.

Two thousand eyes were on him as he raised his hands with a "Go!" Two thousand tongues appeared when he wiped them on his shirt. Then, while the waiting pitcher ground the ball into his hip, he glanced back at Casey's eye. A minor Casey's eye.

And now the leather-covered sphere came hurtling through the air. And Casey stood with it in his hand, ready to swing. He swung, and the ball came back. He swung, and the ball came back. He swung, and the ball came back.

From the benches back with people there came a muffled roar. Like a heading of the storm waves, or the surf, or the wind in the gullies, it came, and it swelled and swelled. "Kill him! Kill the umpire!" shouted someone. And he was right. He was right. He was right. He was right. He was right.

CITY LEAGUE WILL MEET AT "Y" TONIGHT

The Local Senior Hockey Circuit Commences Operations This Evening

At eight o'clock tonight representatives of the hockey clubs intending to enter teams in the league will meet at the Y.M.C.A. to reorganize the league for the coming season. It is expected that four teams will comprise the senior league being the Knights of Columbus, the Y.M.C.A., the Bonhairs and Varsity.

All these clubs have fast teams rounded up and should supply a fast brand of hockey. They will be required to play two games a week to fill out their schedule while the league is in session and allow time for a playoff with the rest of the province. The meeting will probably elect officers for the season and appoint committees to take up such matters as ice accommodation and schedule.

FEDERATION WILL GOVERN BOXING BOUTS

An International Union Will Be Launched at Conference in February

PARIS, Oct. 30.—Paul Roussau, chairman of the Federation Française de Boxe and secretary of the International Boxing Union, has had so many favorable reports from the various congresses he has held in the past few years that he has decided to launch an international union of boxing in a serious way.

The congress of P.F.U. will be devoted to professional boxing. The following day amateur boxing will be the programme for consideration. After consultation for the holding of the world championship bouts at the Olympics, which will be held in Belgium next year, will be framed. The bouts to be held at next year's Olympics will bring forth the very best amateur boxing champions of the world.

Representatives from the following boxing and athletic bodies are expected to attend the conference: England—The British Boxing Board of Control and the British Amateur Boxing Association. Australia—The Australian Boxing Federation. The Netherlands—The Nederlandse Athletiek Unie. The Netherlands—The Nederlandse Athletiek Unie. The Netherlands—The Nederlandse Athletiek Unie.

AN INTERESTING WAR RECORD

The latest addition to the great fleet of C. P. O. S. Steamships which ply between Canada and practically all the important ports of call in the world is the "Empress of France" before the war popularly known as the S.S. "Albatross" and one of the ocean grey hounds between Canada and Liverpool. The vessel has been reconsecrated since the war ceased and recently completed her maiden trip to Quebec under her new name. The photographs here reproduced give an adequate description of her interior arrangements and fittings, and will compare favorably with the great Leviathans in this respect. The "Empress of France" has a length of 600 ft.; beam 72 ft.; depth to D. deck 54 ft. 6 in.; and a tonnage of 18,000 gross. A striking peculiarity is the cruiser's stern, which imparts a warlike appearance to the vessel. Her war record is one to be proud of.

The "Empress of France" as the S.S. "Albatross" was requisitioned for war purposes under Royal Proclamation immediately on her arrival at the Port of Liverpool, midnight on the 4th August 1914. Prior completion of discharge, the entire removal of all passenger accommodations and other woodwork, she was armed with 8-6 in. guns, commissioned and manned by a naval crew under the command of Captain V. Phillips, D.S.O., and was attached to the 10th Cruiser Squadron on northern patrol duty, sailing from Liverpool on August 15th, at which port she has been based during the entire period of her Commission.

From August to December 1914, she remained as above stated, but in December she was made Flag Ship of the Squadron to which she was attached, and Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., N.Y.O., hoisted his flag, which flew up to March 1915, when he was succeeded by Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., who was succeeded in November 1915 by Rear-Admiral C. W. Kitching, K.C.B., under whose flag she terminated her commission as an Armed Cruiser.

The Squadron to which she was attached, and later became flagship of, consisted of 24 vessels, the majority of which were Armed Merchant Cruisers. The duties of the Squadron consisted of the stopping of vessels, boarding them and examining their papers, and should on examination they prove to be at all of a suspicious nature, a Naval Officer was placed in charge and they were taken into a United Kingdom port for closer examination. This similarly applied to any members of the passengers or crew, as each and everyone had to give a satisfactory explanation as to their nationality and business. Available records show that in all the Squadron intercepted some 14,000 vessels, but it is impossible to state how many of these proved to be engaged in work hostile to the Allies interests.

In the early part of 1915, circumstances permitted of the 10th Cruiser Squadron being considerably reduced in numbers, and vessels so engaged being allocated to Convoy Protection Duty, the "Albatross" figuring amongst the number and being stationed on the North Atlantic route in such capacity. While so engaged she escorted nine convoys of about 20 vessels each, carrying an estimated number of troops per convoy of 20,000, principally Americans.

While engaged on Convoy Duty the "Albatross" also carried troops and cargo, the number of former per voyage being about 600, and the weight of cargo per voyage between 2,000 and 3,000 tons. She made her last voyage on Government Service in November 1915, sailing from Liverpool on the 14th, and redocked at that port on December 11th 1915, having steamed a total distance on Government Service of 256,741 miles and consumed 170,571 tons of coal.

On January 17th 1916, the ship for Glasgow, having been placed in the hands of her Builders—Messrs. D. & W. Barclay & Co.—by the Admiralty for reconsecrating, being redelivered to the C. P. O. S. at the Port of Liverpool on Thursday, September 15th, and sailed for Quebec on Friday, September 16th. Captain Quinlan her Captain when War broke out, was given the rank of Commander R.N.R., and acted in that capacity, which was of an advisory nature, under both Vice-Admiral Sir Dudley R. S. De Chair, K.C.B., N.Y.O., and Admiral Sir Reginald G. Tupper, K.C.B., C.V.O., and was granted the D.S.O. for services rendered, being succeeded by Captain Cook at the same time as Admiral Tupper was succeeded by Rear-Admiral C. W. Kitching, K.C.B., and Captain Cook was appointed Flag Captain, and granted a commission as Captain R.N.R., and now commands the vessel.

EDMONTON LADY WHOSE MOST GAVE UP HOPE, SHE SAYS

Mrs. Reidford's Troubles Didn't
Last Long After She Began
Taking Tanlac

"My troubles didn't last very long after I commenced taking Tanlac," says Mrs. J. Reidford, who lives at 1855 22nd street, Edmonton, Alberta, while talking to a Tanlac representative the other day.

"I began to go down hill about a year ago," continued Mrs. Reidford, "and finally got so completely run down and lost so much in weight that I was just a shadow of my former self. My nerves were in terrible condition and I never knew what it was to get a good night's sleep. I also suffered from frequent attacks of indigestion, and was badly constipated all the time. I was under-weighed, of course, and took many different kinds of medicine, but it just seemed impossible for me to find anything that would give me any relief and get me started uphill again. After failing to get any better from the treatments I had taken, I was considerably alarmed about my condition, and had begun to think that I was never going to be a well woman again.

"One day my husband suggested that I give Tanlac a trial and as we had heard so much about the good this medicine was doing other people I decided to buy a bottle of it. I will just say that I have just finished my first bottle of this medicine, and my troubles have been completely over-ruled and I am enjoying better health in every way than I have in a long time. In fact, I can truthfully say that I never had better health in all my life. Those awful headaches are gone, and I have gained a lot both in weight and strength. I am doing all my household work with perfect ease. My nerves seem to be in perfect condition, and I sleep fine every night. I think Tanlac is the most wonderful medicine on earth, and I never expect to be without it."

Tanlac is sold in Edmonton by the Owl Drug Co. Ltd., under the general direction of several Tanlac representatives. Price \$1.10 per bottle. Sent postpaid for \$1.35. (Advt.)

BIG LAND SALE COMPLETED IN OLDS DISTRICT

Fifteen Thousand Acres Ranch
and Grazing Land Disposed
of for \$330,000

Calgary, Oct. 30.—Approximately 15,000 acres is involved in an Alberta land deal that has just been completed, the principals being Harry Brown, of Winthrop, Iowa, and John Buckley and associates of Lexington, Ky. The land is situated about ten miles east of Crowsnest and comprises about 15,000 acres, the price running about \$22 an acre. The property has been leased by H. Brown, of Calgary, and when the lease expires, and the property is turned over on May 1st, the purchasers will pay the full amount in cash. Baxter brothers have held the land for about twenty years, and it has been used principally for ranch and grazing purposes.

It is stated that Mr. Buckley and his associates, who have been prominently identified with distillery and tobacco interests, will start development work as soon as they have taken the property into a mixed farming proposition. The land already cleared will be put into crop and more land will be cleared. Live stock will be raised extensively, and if the ranch game develops in Alberta, it is probable that thoroughbred horses will form a branch of the farm activities.

Calgary	\$78,500
Lethbridge	\$50,000
Medicine Hat	\$71,500
Regina	\$100,000

Ontario's splendid returns for the first three days of the campaign have filled all the workers with renewed enthusiasm.

The grand total amounted to \$13,522,200, which has called forth the following commendation from the press of the Ontario executive, G. H. Wood:

"The province is doing magnificently, so far having exceeded our fondest expectations. Up to midnight last night we had the total of \$2,087,000, which is \$14,422,000 beyond our quota for the three days, based on the total objective of \$2,000,000."

"An interesting phase of the campaign has been the close cooperation between London and Hamilton. With respect to amounts subscribed, Hamilton leads with \$2,240,000 as against London's \$1,232,700."

South Alberta Does Well

Calgary, Oct. 30.—Southern Alberta is rapidly getting into the stride in the Victory drive. While Henry Ford has been the first to win the honor the Medicine Hat is also to be congratulated in having secured a major trophy.

The battle workers under William Costak, however, did not for a moment rest when the requisite amount had been reached, but as a matter of fact they doubled their efforts, with the result that they raised the total of \$78,500 certified by the Dominion Office Thursday. Already Medicine Hat City is \$5,000 in advance of the nearest town in the province.

The returns up to midnight today show that a herculean effort is being put forth. Chairman R. D. Shepherd, who is in charge of the Lethbridge drive for instance, has had \$1,200 has been subscribed. Of this the Lethbridge city has contributed \$1,800.

Strathmore district, which is in charge of R. Kidd, has now rolled up a total of \$2,400, while High River records \$47,100. Other handsome amounts are also to be noted in various other districts. Drumheller, Red Deer and Stirling reports \$20,500, \$11,600 and \$12,500 respectively.

DISCUSS RATE TO PUT TREATY OF PEACE IN EFFECT

Members of Supreme Council
Postpone Decision on Question
Till Saturday

PARIS, Oct. 30. (Associated Press).—The Council today postponed the discussion of the German Peace Treaty in effect, but postponed a decision in the matter until Saturday. The Council also discussed the armistice conditions which the reports of Marshal Foch and others have shown Germany has violated. The violations are covered for the most part by the terms of the Peace Treaty and it seems unlikely that any steps to punish Germany will be taken out of those provided in the treaty.

The payments Germany must make for the warships sunk at Bona Plow was again discussed by the Council, and it was agreed that the German ships and similar property be seized from Germany in payment for the destroyed warships.

There is some question, however, as to whether the property does not already fall under the control of the reparations commission. Consequently discussion will be made until the Conference experts make a report on this point.

The British Government apparently has accepted in principle the responsibility for the destruction of the fleet at Bona Plow (British waters), and is willing to guarantee France against any loss from the cause of warships that it has been awarded to her. With Great Britain and the United States were understood some time ago to have virtually agreed to sink whatever warships they might receive from Germany, there are indications now that the British view has changed. The Supreme Council has assumed France that her share of the German warships will not be reduced as the result of the destruction of the Bona Plow units for which the German government is not responsible, but Germany is individually is to be held responsible.
